If you are scheduled to complete your Sub-Internship in Family Medicine, please complete this form on or before Wednesday, April 9, 2014.

The Senior Sub-Internship in Family Medicine is a rotation designed to prepare students for primary care residencies. It is primarily an in-patient rotation, taking overnight call about every fourth night, working with a team of family practice residents, and will sometimes include 2-4 afternoons per week seeing patients in family practice offices. In addition, there will be an emphasis on the continuity of care of patients discharged from the hospital and seen either in the office or with home health services.
