LLU School of Medicine Pre-Clinical Curriculum Effectiveness

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
*1. The basic science curriculum is a valuable component of my medical education.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*2. I can relate the basic sciences to solving a patient problem regarding a particular organ system.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*3. I can relate the basic sciences in making a differential diagnosis that integrates multiple organ systems.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*4. I can see the relationship between what I am studying in the basic sciences and the kinds of situations I will encounter in my clinical practice.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*5. The basic sciences educational experience tends to make me feel anxious about being prepared for the USMLE exam.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*6. I spend my time on trivial detail without understanding clinical relevance which causes unnecessary frustration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*7. I have become cynical (negative) about my medical education.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*8. The basic sciences educational experience tends to make me feel unprepared for an internship/residency.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*9. I feel confident that I am gradually developing my ability to make a differential diagnosis.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*10. If I had to choose to attend medical school today, I would still make the same decision.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*11. My motivation for learning is gradually increasing with each passing year of medical education.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*12. I frequently do extra reading and research just because I am interested in the answers.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*13. I feel more personally responsible for my learning now than I did a year ago.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*14. The pre-clinical years emphasized the need to engage in lifelong learning to stay abreast of relevant scientific advances.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*15. I acquired the basic skills in clinical decision making and the application of evidence based information needed to begin my clinical years.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*16. I believe I am adequately prepared to care for patients from diverse backgrounds.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*17. I had the opportunity to interact with other health care professionals, such as pharmacists, social workers, nurse practitioners, nutritionists, etc...	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
*18. Overall, I am satisfied with the quality of my medical education.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

The following will be displayed on forms where feedback is enabled...
(for the evaluator to answer...)

- *Did you have an opportunity to meet with this trainee to discuss their performance?
 Yes
 No

(for the evaluatee to answer...)

- *Did you have an opportunity to discuss your performance with your preceptor/supervisor?
 Yes
 No
